Editorial Review

From the Back Cover
Get started programming with ASP.NET 4 using this versatile resource

ASP.NET 4 is the latest version of Microsoft's powerful framework for building dynamic web sites. This unique book-and-video package includes lessons covering the most common tasks and challenges that ASP.NET 4 developers face. Each lesson covers both the ASP.NET Web Forms Framework and the ASP.NET MVC 2 Framework and is designed to teach you the fundamentals of the topic before progressing to a step-by-step tutorial. An instructional video for each of the 48 tutorials is provided on the DVD that accompanies the book. The solutions for each of the tutorials are included on the book's companion web site.

ASP.NET 4 24-Hour Trainer:

- Explains how web development differs from Windows development
- Covers both the ASP.NET Web Forms Framework and the ASP.NET MVC 2 Framework
- Teaches you how to use cookies, Session objects and Profile objects
- Explains the page lifecycle in Web Forms and the request lifecycle in MVC 2
- Shows you how to style and layout web pages using cascading style sheets and master pages
- Teaches you to reuse HTML markup with user controls and partial views
- Demonstrates URL routing
- Shows you how to use server controls and HTML helpers

Wrox guides are crafted to make learning programming languages and technologies easier than you think. Written by programmers for programmers, they provide a structured, tutorial format that will guide you through all the techniques involved.

On the DVD

Don't just learn—do!

The lessons within the book are each accompanied by an instructional demonstration on the DVD—nearly 5 hours of video tutorials!
