**Sourcery (Discworld)** By Terry Pratchett

*Sourcery*, a hilarious mix of magic, mayhem, and Luggage, is the fifth book in Terry Pratchett's classic fantasy Discworld series.

Rincewind, the legendarily inept wizard, has returned after falling off the edge of the world. And this time, he’s brought the Luggage. But that’s not all… Once upon a time, there was an eighth son of an eighth son who was, of course, a wizard. As if that wasn’t complicated enough, said wizard then had seven sons. And then he had an eighth son — a wizard squared (that’s all the math, really). Who of course, was a source of magic — a sourcerer.

Will the sourcerer lead the wizards to dominate all of Discworld? Or can Rincewind’s tiny band stave off the Apocalypse?

## Editorial Review

From Publishers Weekly
This fifth Discworld tale ( Mort ), about a barely averted apocalypse there, reasserts Pratchett's adroitness as a storyteller. Inventive, satirical of the contemporary scene, Pratchett does not merely play with words, he juggles shrewd observations with aplomb. His creations are gently allegorical: for instance, the Unseen University Library is the repository of magic, its librarian an orangutan and its archchancellorship reserved for the most powerful magician, a "sourcerer" named Coin. But the author never takes himself or his message too seriously, and maintains a feather-light touch throughout. Even Death, an important minor character here, receives a distinctive voice.

Review
- "Like Jonathan Swift, Pratchett uses his other world to hold up a distorting mirror to our own, and like Swift he is a satirist of enormous talent... incredibly funny... compulsively readable." --"The Times"

- "His spectacular inventiveness makes the Discworld series one of the perennial joys of modern fiction." --"Mail on Sunday"

- "May well be considered his masterpiece... Humour such as his is an endangered species." --"The Times"

But that's not all . . .

Once upon a time, there was an eighth son of an eighth son who was, of course, a wizard. As if that wasn't complicated enough, said wizard then had seven sons. And then he had an eighth son—a wizard squared (that's all the math, really). Who, of course, was a source of magic—a sourcerer.
