**Warped: Gay Normality and Queer Anti-Capitalism (Historical Materialism Book)** By Peter Drucker

Recent victories for LGBT rights have gone faster than most people imagined possible. Yet the accompanying rise of gay 'normality' has been disconcerting for activists with radical sympathies. This book shows how the successive 'same-sex formations' of the past century and a half have led both to the emergence of today's 'homonormativity' and 'homonationalism' and to ongoing queer resistance.
