How to do Discourse Analysis: A Toolkit By James Paul Gee

How to do Discourse Analysis: A Toolkit is the essential new book from James Paul Gee, bestselling author of *An Introduction to Discourse Analysis: Theory and Method*. Discourse analysis is widely used in a range of academic subjects, all concerned with how humans make meaning and communicate within and across different social and cultural groups.

Using a practical how-to approach, Gee provides the tools necessary to work with discourse analysis, with engaging step-by-step tasks featured throughout the book. Each tool is clearly explained, along with guidance on how to use it, and authentic data is provided for readers to practice using the tools. Readers from all fields will gain both a practical and theoretical background in how to do discourse analysis and knowledge of discourse analysis as a distinctive research methodology.

How to do Discourse Analysis: a Toolkit is the ideal preparation for future learning in discourse analysis and applied linguistics. It is the companion text to Gee's *An Introduction to Discourse Analysis: Theory and Method*, meant for those interested in learning discourse analysis by doing it. The interdisciplinary approach means that it is suitable for students across a range of subjects, including Applied Linguistics, Anthropology, and Communication Studies.

Editorial Review

Review

"This is without a doubt the most accessible and user-friendly book on discourse analysis to come along for many years. It is an ideal companion to Gee's previous book, *An Introduction to Discourse Analysis*, and will make for an ideal textbook in a wide range of undergraduate courses in language, linguistics and English studies."

Rodney Jones, *City University of Hong Kong, Hong Kong*

"As an ideal companion to *An Introduction to Discourse Analysis: Theory and Method, How to do Discourse Analysis: A Toolkit* is more hands-on in its approach to understanding and applying discourse analysis in research, teaching, and learning. It is a pleasure to read Gee's simple, clear, humor-injected prose. Part of his brilliance derives from not only making theory accessible, but also anchoring discourse in authentic contexts. The book is essential reading for students and scholars exploring the nuances of language."

Jennifer Rowsell, *Rutgers Graduate School of Education, USA*

About the Author

James Paul Gee is the Mary Lou Fulton Presidential Professor of Literacy Studies at Arizona State University. His many titles include *An Introduction to Discourse Analysis* (second edition 2005), *Sociolinguistics and Literacies* (third edition 2007) and *Situated Language and Learning* (2004), all published by Routledge.

Users Review

From reader reviews:

Catrina Hall:

As people who live in often the modest era should be up-date about what going on or information even knowledge to make them keep up with the era that is certainly always change and move ahead. Some of you maybe will certainly update themselves by studying books. It is a good choice for you personally but the problems coming to anyone is you don't know which one you should start with. This How to do Discourse Analysis: A Toolkit is our recommendation so you keep up with the world. Why, because book serves what you want and need in this era.

Edward Cottrell:

A lot of people always spent their particular free time to vacation or maybe go to the outside with them

friends and family or their friend. Did you know? Many a lot of people spent they free time just watching TV, as well as playing video games all day long. If you wish to try to find a new activity this is look different you can read any book. It is really fun to suit your needs. If you enjoy the book which you read you can spent 24 hours a day to reading a reserve. The book How to do Discourse Analysis: A Toolkit it is quite good to read. There are a lot of people that recommended this book. These folks were enjoying reading this book. Should you did not have enough space to develop this book you can buy the e-book. You can m0ore very easily to read this book from a smart phone. The price is not too expensive but this book offers high quality.

Kelly Cruz:

Reading can called brain hangout, why? Because if you are reading a book particularly book entitled How to do Discourse Analysis: A Toolkit your thoughts will drift away trough every dimension, wandering in each aspect that maybe unidentified for but surely can become your mind friends. Imaging every word written in a book then become one application form conclusion and explanation in which maybe you never get ahead of. The How to do Discourse Analysis: A Toolkit giving you another experience more than blown away the mind but also giving you useful info for your better life with this era. So now let us explain to you the relaxing pattern this is your body and mind are going to be pleased when you are finished looking at it, like winning a. Do you want to try this extraordinary spending spare time activity?

Norman Ross:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's spirit or real their passion. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this How to do Discourse Analysis: A Toolkit can make you feel more interested to read.
