Introduction to International Economics By Dominick Salvatore

Introduction to International Economics, 2nd edition has been revised and updated to deliver the most current information on today's global economy for a one-semester course. Renowned educator and author, Dominick Salvatore provides a clear presentation with several case studies per chapter to make difficult economic principles easy to understand, in a real-world context.

By covering the topics essential to an understanding of the global economy, this text is easily accessible for economics, business, and political science majors, alike. For any international economics course, Salvatore's 2nd edition takes the students' understanding of economics well beyond the classroom and across the globe.
