Editorial Review

From the Publisher
New Bible for 90's women has timeless message

When the feminist movement exploded during the 1960s, women were told they could have it all. A satisfying career, adoring family, perfectly kept home, and fulfilling relationships were all within their grasp.

But, during the 1980s, this truth' began to crumble. Women learned that if they pursued everything, they could end up with nothing. The question remained: where does a woman find her identity?

The answer has been available for thousands of years in the Bible. A woman's identity is found in a personal relationship with Jesus Christ. With over 300 new devotions, the Women's Devotional Bible 2 helps women to strengthen this most important relationship.

The Women's Devotional Bible 2 contains one devotion for each day, with a special Weekending' section for Saturday and Sunday, placed within the Bible text. Each devotion notes the key verse, the passage that corresponds to the subject, and the author. Additional Scripture readings and the page number where the next devotion can be found are included.

The Women's Devotional Bible 2 is available in three popular Bible translations: the New International Version (NIV), the King James Version (KJV), and the New Revised Standard Version (NRSV).

The Women's Devotional Bible 2 can be read in at least four different ways: as a regular daily devotional, as a one-year Bible by following the reading plan provided, as an author-centered reading by following the devotions written by a particular author (the AUTHOR Biographies section provides a small synopsis of each contributor and where her devotions can be found), and as a subject-oriented reading by following the 230 listings in the Subject Index, such as anxiety, children, humility, in-laws, and worship.

The Bible is a supernaturally powerful book, one that can be explained simply to preschoolers and at the same time studied inexhaustively by scholars, say the editors of the Women's Devotional Bible 2. We pray you will become all that God intends you to be.

Users Review

From reader reviews:

Michael Decker:

What do you think of book? It is just for students because they're still students or the idea for all people in the world, exactly what the best subject for that? Just simply you can be answered for that query above. Every person has different personality and hobby for each other. Don't to be pushed someone or something that they don't want do that. You must know how great and also important the book Women's Devotional Bible 2: New International Version. All type of book would you see on many solutions. You can look for the internet solutions or other social media.

Marianne Haglund:

Information is provisions for folks to get better life, information today can get by anyone with everywhere. The information can be a understanding or any news even a huge concern. What people must be consider any time those information which is inside former life are difficult to be find than now is taking seriously which one is appropriate to believe or which one often the resource are convinced. If you receive the unstable resource then you buy it as your main information it will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Women's Devotional Bible 2: New International Version as your daily resource information.

Maria Huffman:

Often the book Women's Devotional Bible 2: New International Version has a lot info on it. So when you read this book you can get a lot of benefit. The book was published by the very famous author. Tom makes some research previous to write this book. That book very easy to read you can find the point easily after reading this book.

Edward Orr:

It is possible to spend your free time to see this book this e-book. This Women's Devotional Bible 2: New International Version is simple to develop you can read it in the park your car, in the beach, train in addition to soon. If you did not include much space to bring the particular printed book, you can buy the particular e-book. It is make you better to read it. You can save the book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.
