#1 in Free Roleplaying and Fantasy Kindle Books "January, February, and March 2012"
#14 in Free Fantasy Kindle Books "January 2012"
Top 50 and under in Free Fantasy Kindle Books "From January 2012 Onwards..."
Outranked "Angry Birds" in Games on Kindle at one point.

This is a pen and paper tabletop roleplaying game, not a computer game. If you're looking for one of those, I'm afraid you'll have to look elsewhere. I highly recommend the dungeon-crawling German rogue-like "Lost Labyrinth" which is free to download and a purely awesome game.

If you're looking for fiction, you're in luck! You will find the completely free comic fantasy novel "The End of The World" at the very back of this e-book. Enjoy.

Our Mission Statement:

Despite the low (or nonexistent) price of this product I've invested hundreds (if not thousands) of hours in its production. I've flown over 1,500 miles and met countless game designers, playtesters, and fellow gamers such as yourself, and I know Challenger isn't done yet. There's still a long way to go but I must thank everyone who helped me. This game would not be what it is today without the invaluable feedback from countless gamers such as yourself. If you have anything at all to say about the game, good or bad, I'd love to hear it. Any critical advice would be even more welcome. Thank you.
