Mathematics Masterclasses for Young People By Michael Sewell

This work consists of a series of "masterclasses", short sessions of mathematics beyond the standard school syllabus, aimed at 10 to 15-year-olds with a flair for mathematics who want to stretch themselves.

The book is aimed to provide teachers with a source of novel and interesting topics to supplement their standard material, and as independent reading for pupils themselves.

It will be helpful to teachers who require interesting and novel topics, beyond the standard syllabus and normal textbook material, for capable pupils.

Editorial Review

Review

"[Sewell's] enthusiasm bubbles through ... there is a great deal to commend this book. ... He has a knack of engaging the reader. ... This book could be an inspiration to young people if the right person is available to guide them." -- *London Mathematical Society Newsletter*

About the Author

Michael Sewell, *Emeritus Professor of Applied Mathematics, University of Reading*

Michael Sewell is Emeritus Professor of Applied Mathematics at the University of Reading. He has B.Sc., Ph.D, and D.Sc. degrees from Nottingham University and is a Fellow of the Institute of Mathematics and its Applications, and of the Royal Meteorological Society. During the decade starting in 2001, he devised and delivered weekly "Mathematics Masterclasses" to selected groups of able ten-year-olds at Bisham School near Maidenhead, which followed on from the 1997 OUP edited work "Mathematics Masterclasses - Stretching the Imagination", and led to this current book.

Users Review

From reader reviews:

Carroll Torres:

What do you think about book? It is just for students because they are still students or the idea for all people in the world, what the best subject for that? Simply you can be answered for that problem above. Every person has several personality and hobby for every single other. Don't to be compelled someone or something that they don't wish do that. You must know how great along with important the book Mathematics Masterclasses for Young People. All type of book is it possible to see on many resources. You can look for the internet sources or other social media.

Dawn Fernandez:

As people who live in typically the modest era should be upgrade about what going on or details even knowledge to make all of them keep up with the era and that is always change and progress. Some of you maybe can update themselves by examining books. It is a good choice to suit your needs but the problems coming to an individual is you don't know which one you should start with.
