Boomerang: Travels in the New Third World By Michael Lewis

“Lewis shows again why he is the leading journalist of his generation.”?Kyle Smith, *Forbes*

The tsunami of cheap credit that rolled across the planet between 2002 and 2008 was more than a simple financial phenomenon: it was temptation, offering entire societies the chance to reveal aspects of their characters they could not normally afford to indulge.

Icelanders wanted to stop fishing and become investment bankers. The Greeks wanted to turn their country into a pinata stuffed with cash and allow as many citizens as possible to take a whack at it. The Germans wanted to be even more German; the Irish wanted to stop being Irish.

Michael Lewis's investigation of bubbles beyond our shores is so brilliantly, sadly hilarious that it leads the American reader to a comfortable complacency: oh, those foolish foreigners. But when he turns a merciless eye on California and Washington, DC, we see that the narrative is a trap baited with humor, and we understand the reckoning that awaits the greatest and greediest of debtor nations.

Editorial Review

Review
Lewis 's rare gift as a guide through the world of credit default swaps and sovereign debt doesn t come simply from his deep understanding of how the global financial system works . . . but also from his skill as a storyteller, his ability to tell the larger tale through fascinating human stories of greed, excess, and self-delusion. --Chuck Leddy

Michael Lewis possesses the rare storyteller 's ability to make virtually any subject both lucid and compelling. . . . Combining his easy familiarity with finance and the talents of a travel writer, Mr. Lewis sets off in these pages to give the reader a guided tour through some of the disparate places hard hit by the fiscal tsunami of 2008, like Greece, Iceland and Ireland, tracing how very different people for very different reasons gorged on the cheap credit available in the prelude to that disaster. The book based on articles Mr. Lewis wrote for Vanity Fair magazine is a companion piece of sorts to The Big Short: Inside the Doomsday Machine, his bestselling 2010 book about the fiscal crisis. . . . Mr. Lewis 's ability to find people who can see what is obvious to others only in retrospect or who somehow embody something larger going on in the financial world is uncanny. And in this book he weaves their stories into a sharp-edged narrative that leaves readers with a visceral understanding of the fiscal recklessness that lies behind today 's headlines about Europe 's growing debt problems and the risk of contagion they now pose to the world. --Michiko Kakutani

Users Review

From reader reviews:

David Butler:

Reading a reserve can be one of a lot of activity that everyone in the world likes. Do you like reading book therefore. There are a lot of reasons why people love it. First reading a book will give you a lot of new facts. When you read a e-book you will get new information because book is one of numerous ways to share the information or perhaps their idea. Second, reading through a book will make you more imaginative. When you reading a book especially hype book the author will bring you to definitely imagine the story how the character types do it anything. Third, you could share your knowledge to others. When you read this Boomerang: Travels in the New Third World, you are able to tells your family, friends and soon about yours publication. Your knowledge can inspire different ones, make them reading a guide.

Carrie Wakefield:

The reserve untitled Boomerang: Travels in the New Third World is the e-book that recommended to you you just read. You can see the quality of the guide content that will be shown to you actually. The language that writer use to explained their way of doing something is easily to understand. The article writer was did a lot of analysis when write the book, so the information that they share for you is absolutely accurate. You also can get the e-book of Boomerang: Travels in the New Third World from the publisher to make you much more enjoy free time.

Laveta Blodgett:

Your reading 6th sense will not betray you actually, why because this Boomerang: Travels in the New Third World reserve written by well-known writer whose to say well how to make book that could be understand by anyone who read the book. Written with good manner for you, still dripping wet every ideas and writing skill only for eliminate your own personal hunger then you still doubt Boomerang: Travels in the New Third

World as good book but not only by the cover but also by content. This is one publication that can break don't determine book by its deal with, so do you still needing one more sixth sense to pick this!? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.

Rodolfo Born:

Reading a book to be new life style in this year; every people loves to examine a book. When you go through a book you can get a great deal of benefit. When you read publications, you can improve your knowledge, due to the fact book has a lot of information upon it. The information that you will get depend on what forms of book that you have read. If you need to get information about your review, you can read education books, but if you want to entertain yourself read a fiction books, this kind of us novel, comics, and soon. The Boomerang: Travels in the New Third World will give you a new experience in studying a book.
