Tao Oracle: An Illuminated New Approach to the I Ching By Ma Deva Padma

***The Tao Oracle* is a visual I-Ching- a beautiful and dazzling new tool for self transformation, enlightenment, and personal growth**

"Meditation is that hundred and eighty degree turn that strengthens our capacity to trust, as it puts us in touch with a silent, guiding force that is far greater than ourselves in its wisdom, support and sustaining capacity. To relax into the flow of the Tao in its unfoldment is to experience being 'at home in life.' This meditation takes us to what has been called the still point, the center of the cyclone, the great silence, the inner Himalayan peaks." --Ma Padma
The Tao Oracle is a "visual I-Ching." It features no coins, no sticks, but cards featuring paintings, symbols, colors and key words, along with a clear, simple book to help you interpret the results. The *Tao Oracle* speaks to the individual through a language of archetypes and symbolism that can expose a deeper truth of the dynamics of change as it impacts our daily lives.

Editorial Review

From Publishers Weekly
A painter and the designer of the Osho Zen Tarot, Padma combines principles of tarot and the symbols of the I Ching in this illuminated approach to divination. "Tarot is a pillar of wisdom from the West; the I Ching, a pillar of wisdom from the East," she writes. "They are different esoteric paths approaching the same mountain peak." With the aim of helping seekers "look within," Padma offers this dual system. The directions, which are a bit confusing for those unfamiliar with casting, require the seeker to use three coins in order to access the changing nature of his or her question; the lushly illustrated tarot deck gives answers to the question, and the accompanying booklet offers interpretations of these answers. This method not recommended for the novice or the impatient, but it's an interesting new approach for those already comfortable with divination.
