Clinical Radiation Oncology, 4e By Leonard L. Gunderson MD MS FASTRO, Joel E. Tepper MD

Perfect for radiation oncology physicians and residents needing a **multidisciplinary**, **treatment-focused resource**, this updated edition continues to provide the latest knowledge in this consistently growing field. Not only will you broaden your understanding of the basic biology of disease processes, you'll also access updated treatment algorithms, information on techniques, and state-of-the-art modalities. The **consistent and concise format** provides just the right amount of information, making ***Clinical Radiation Oncology*** a welcome resource for use by the **entire radiation oncology team.**

- **Content is templated and divided into three sections --** Scientific Foundations of Radiation Oncology, Techniques and Modalities, and Disease Sites – for quick access to information.
- Disease Sites chapters **summarize the most important issues** on the opening page and include a full-color format, liberal use of tables and figures, a closing section with a discussion of controversies and problems, and a treatment algorithm that reflects the treatment approach of the authors.
- Chapters have been **edited for scientific accuracy**, **organization**, **format**, and **adequacy of outcome data** (such as disease control, survival, and treatment tolerance).
- Allows you to **examine the therapeutic management of specific disease sites** based on single-modality and combined-modality approaches.
- Features an **emphasis on providing workup and treatment algorithms** for each major disease process, as well as the coverage of molecular biology and its relevance to individual diseases.

- **Two new chapters** provide an increased emphasis on **stereotactic radiosurgery** (SRS) and **stereotactic body irradiation** (SBRT).
- **New Associate Editor**, Dr. Andrea Ng, offers her unique perspectives to the **Lymphoma and Hematologic Malignancies** section.
- **Key Points** are summarized at the beginning of each disease-site chapter, mirroring the template headings and highlighting **essential information and outcomes.**
- **Treatment algorithms and techniques**, together with discussions of controversies and problems, reflect the treatment approaches employed by the

authors.

- **Disease Site Overviews** allow each section editor to give a unique perspective on important issues, while online updates to Disease Site chapters ensure your knowledge is current.
- Disease Site chapters feature **updated information** on disease management and outcomes.
- **Four videos** accessible on **Expert Consult** include Intraoperative Irradiation, Prostate Brachytherapy, Penile Brachytherapy, and Ocular Melanoma.
- **Thirty all-new anatomy drawings** increase your visual understanding.
- **Expert Consult eBook version included with purchase.** This **enhanced eBook experience** allows you to search all of the text, figures, and references from the book on a variety of devices.

Users Review

From reader reviews:

Eva Dawson:

What do you concentrate on book? It is just for students since they are still students or it for all people in the world, the actual best subject for that? Just you can be answered for that question above. Every person has distinct personality and hobby per other. Don't to be forced someone or something that they don't desire do that. You must know how great along with important the book Clinical Radiation Oncology, 4e. All type of book can you see on many sources. You can look for the internet sources or other social media.

Roland Hall:

Do you one among people who can't read satisfying if the sentence chained in the straightway, hold on guys that aren't like that. This Clinical Radiation Oncology, 4e book is readable simply by you who hate those perfect word style. You will find the information here are arrange for enjoyable examining experience without leaving also decrease the knowledge that want to supply to you. The writer of Clinical Radiation Oncology, 4e content conveys thinking easily to understand by a lot of people. The printed and e-book are not different in the articles but it just different available as it. So , do you still thinking Clinical Radiation Oncology, 4e is not loveable to be your top collection reading book?

Jacqueline Lewis:

This Clinical Radiation Oncology, 4e is great book for you because the content which can be full of information for you who else always deal with world and have to make decision every minute. This book reveal it facts accurately using great coordinate word or we can state no rambling sentences included. So if you are read it hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but difficult core information with wonderful delivering sentences. Having Clinical Radiation Oncology, 4e in your hand like getting the world in your arm, info in it is not ridiculous just one. We can say that no guide that offer you world throughout ten or fifteen minute right but this publication already do that. So , this is good reading book. Hello Mr. and Mrs. stressful do you still doubt this?

Henry Hedrick:

What is your hobby? Have you heard in which question when you got students? We believe that that

problem was given by teacher with their students. Many kinds of hobby, Every person has different hobby. And also you know that little person including reading or as examining become their hobby. You need to understand that reading is very important in addition to book as to be the issue. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You will find good news or update regarding something by book. Numerous books that can you choose to adopt be your object. One of them is actually Clinical Radiation Oncology, 4e.
