Theories of Personality (B&B Psychology) By Jess Feist, Gregory Feist, Tomi-Ann Roberts

The 8th edition of *Theories of Personality* follows in the tradition of the previous versions, by centering on the premise that personality theories are a reflection of the unique cultural background, family experiences, personalities, and professional training of their originators. The book begins by acquainting students with the meaning of personality and providing them with a solid foundation for understanding the nature of theory, as well as its crucial contributions to science. The chapters that follow present twenty-three major theories: coverage of each theory also encompasses a biographical sketch of each theorist, related research, and applications to real life. Changes in the 8th edition included a new chapter 8 on evolutionary personality theory, focusing on the work of David Buss. The Related Research sections in each chapter have also been updated.

Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

• SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
• Access to your instructor’s homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
• Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
• The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Editorial Review

About the Author
Gregory J. Feist has taught at San Jose State University in California. He received his Ph.D. in Personality Psychology from the University of California - Berkeley and is Undergraduate degree from the University of Massachusetts - Amherst. He is widely published in personality and creativity, scientific eminence, and the psychology of science. His research in creativitiy has been recognized by receipt of an Erly Career Award from Division for Psychology and the Arts (Division 10) of the American Psychological Association. He is also on the Editorial Board of Review of General Psychology.

Tomi-Ann Roberts is the Winkler Herman Professor of Psychology at Colorado College. She received her PhD in social and personality psychology in 1990 from Stanford University, and her BA in psychology from Smith College in 1985. Her publications in the areas of gender, personality, and emotion psychology include "Objectification Theory," an original theory that has generated a great deal of research into the causes and consequences of the sexual objectification of girls and women. The first paper she co-authored on this topic is the most cited article in the 35-year history of the journal Psychology of Women Quarterly. She served on the American Psychological Association's Task Force on the Sexualization of Girls, is coauthor of a forthcoming book, the Sexualization of Girls and Girlhood: Causes, Consequences and Resistance, and continues to work on both empirical research, applied consulting work, and media efforts in this area. In addition to her teaching in both psychology and gender studies at Colorado College, she currently serves on the executive committee of APA's Division 35, chairs a Task Force on Educating Through Feminist Research, and is a certified Laughter Yoga Leader.

Users Review
