Ghana: One Decade of the Liberal State (Africa in the New Millennium)
From Brand: Zed Books

Ghana has witnessed a 'revolution through the ballot box', since its return to constitutional rule in 1993. Yet this period of sustained democratic government in an era of globalization and liberal triumphalism has brought with it new demands. How has Ghana faced up to the problems of institution-building, state-market relations and democratic leadership? Can it deal with the challenges posed by security, human rights and foreign policy in the twenty-first century? This unique collection interrogates all these issues and assesses the future of the democratic experiment in one of sub-Saharan Africa's rare 'islands of peace'.

Editorial Review

Review
'This is a ground-breaking, nuanced and comprehensive book that grapples with how developing countries in general and Ghana in particular have endured and responded to a decade of neo-liberal ascendancy. Based on astute research, experiences and analysis, the book offers penetrating commentaries on recent socio-economic and political developments in Ghana. A must-read collection of excellent and stimulating ideas.' Mohamed Salih, University of Leiden and the Institute of Social Studies 'This, the first book-length assessment of the latest experiment in liberal democracy in Ghana, is a timely study. It shows in an admirable way both the progress and the still existing shortcomings in the institutionalization of liberal democracy and will undoubtedly attract a wide readership in academic and policy-making circles.' Piet Konings, African Studies Centre 'Once again the Department of Political Science at the University of Ghana has produced a volume that captures a good analysis of the political economy of the country...I recommend this book to readers.' Michael Amoah, Modern African Studies

About the Author

Kwame Boafo-Arthur is professor of political science at the University of Ghana.

Users Review

From reader reviews:

Mark Ames:

Information is provisions for anyone to get better life, information presently can get by anyone from everywhere. The information can be a knowledge or any news even a problem.
