Editorial Review

From School Library Journal
PreSchool-K–When the youngster who normally visits the barn every morning fails to appear, the animals are left to wonder what happened to him. The dog tells them that Tommy went to a place called Kindergarten, but that was all he knew. Will the boy ever come back from there? After a long wait and much speculation, Tommy returns to tell them about his day and introduce them to the letters A through D. The story unfolds slowly and suffers from lack of action. Its structure is fairly sophisticated for the intended audience as most of the action happens out of sight. Instead of seeing the child in school, readers see the animals waiting for him and talking among themselves (with the recurring aside that If you'd been there, listening in, it would probably have sounded like this: 'NAYCluckMOObaa….'). Karas's illustrations, done in his trademark sketchy style and in fairly muted colors, do little to lighten the trudging pace of this quiet story. Tales about barnyard animals and about kindergarten abound, and this one fails to separate itself from the pack.–*Suzanne Myers Harold, Multnomah County Library System, Portland, OR*

From Booklist
PreS-K. The farmyard animals cannot understand why Tommy has not come for his morning visit. Then the dog tells them that Tommy has gone in a yellow bus to a place called kindergarten. What's that? What will happen to Tommy there? When Tommy comes home at last, he tells the animals all about it: "I learned lots," he says, and he teaches them letters of the alphabet, a new song, and more. The team that created *I Like Where I Am* (2003) offers another humorous, comforting story. Tommy serves as a reassuring model, and there's plenty of gentle farmyard fun, with Karas' warm colored-pencil illustrations showing Tommy teaching his friends the wonderful stuff he is learning. *Hazel Rochman*
