Contemporary Security Studies By Alan Collins

Contemporary Security Studies is the definitive introduction to Security Studies, providing the most accessible, up-to-date guide to the subject available. Bringing together leading scholars in the field, it features an impressive breadth and depth of coverage of the different theoretical approaches to the study of security and the ever-evolving range of issues that dominate the security agenda in the 21st Century.

Throughout the text, students are encouraged to question their own preconceptions and assumptions, and to use their own judgement to critically evaluate key approaches and ideas. To help them achieve this, each chapter is punctuated with helpful learning features including "key ideas", "think points" and case studies, demonstrating the real world applications and implications of the theory.

In addition to covering a wide range of topical security issues--from terrorism and inter-state armed conflict to cybersecurity, health, and transnational crime--the fourth edition features a new chapter on postcolonialism and expanded coverage of critical security studies. The book is supported by an Online Resource Centre designed to help students take their learning further.

For students:
- Explore relevant security issues in greater depth with additional online case studies
- Test your understanding of the key ideas and themes in each chapter with self-marking multiple-choice questions

For registered lecturers:
- Use the adaptable PowerPoint slides as the basis for lecture presentations or as hand-outs in class

Editorial Review

Review
Review from previous edition: "This comprehensive volume is a must for any security studies course. It provides a systematic overview of all the key debates in a clear and approachable way, and provides plenty of further reading and resources for students."
--Dr Jelena Obradovic-Wochnik, Aston University

"The study of international security - and even the concept of security itself - is complex, contested, and constantly in flux. This textbook has become an institution in the field as it makes sense of this complexity. It provides incisive, authoritative accounts of the principal challenges
and schools of thought, and its new editions are widely welcomed."
--Professor Edward Newman, University of Leeds

About the Author

Alan Collins is Senior Lecturer in International Relations at Swansea University.

Users Review

From reader reviews:

Anna Gann:

Why don't make it to be your habit? Right now, try to ready your time to do the important behave, like looking for your favorite e-book and reading a reserve. Beside you can solve your condition; you can add your knowledge by the guide entitled Contemporary Security Studies. Try to make the book Contemporary Security Studies as your friend. It means that it can for being your friend when you feel alone and beside regarding course make you smarter than before. Yeah, it is very fortuned in your case. The book makes you more confidence because you can know anything by the book. So , let's make new experience in addition to knowledge with this book.

Thanh Johnson:

Nowadays reading books become more than want or need but also get a life style. This reading habit give you lot of advantages. Advantages you got of course the knowledge the actual information inside the book in which improve your knowledge and information. The data you get based on what kind of publication you read, if you want send more knowledge just go with schooling books but if you want feel happy read one with theme for entertaining such as comic or novel. The Contemporary Security Studies is kind of book which is giving the reader erratic experience.

Mike Hart:

Precisely why? Because this Contemporary Security Studies is an unordinary book that the inside of the

guide waiting for you to snap the item but latter it will zap you with the secret this inside. Reading this book beside it was fantastic author who else write the book in such remarkable way makes the content inside of easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you for not hesitating having this anymore or you going to regret it. This book will give you a lot of gains than the other book include such as help improving your ability and your critical thinking technique. So , still want to hold up having that book? If I have been you I will go to the reserve store hurriedly.

Jessica Henriquez:

Don't be worry in case you are afraid that this book will filled the space in your house, you may have it in e-book method, more simple and reachable. That Contemporary Security Studies can give you a lot of friends because by you investigating this one book you have point that they don't and make anyone more like an interesting person. This kind of book can be one of a step for you to get success. This publication offer you information that maybe your friend doesn't learn, by knowing more than other make you to be great people. So , why hesitate? We need to have Contemporary Security Studies.
