Editorial Review

About the Author
Marian DeWane has taught Chemistry in secondary and post secondary schools since 1976. She has been involved in all levels of chemistry including curriculum development, exam writing, exam grading, including being a Question Leader for the AP exam, and presenting workshops for teachers. Her passions include green chemistry and caring for the environment.

Heather Hattori has been teaching chemistry since 1988 in both secondary and post-secondary settings. She has designed curriculum for students, review material for pre-service teachers, written for the Educational Testing Service, served as a Reader for the AP Chemistry Exam, and assisted with the redesign of state content standards. Her research interests include guided inquiry in the chemistry lab, applying green chemistry principles to chemistry experiments, and misconceptions in chemistry.

Users Review

From reader reviews:

Lewis Wood:

Do you have favorite book? If you have, what is your favorite's book? Guide is very important thing for us to know everything in the world. Each reserve has different aim or maybe goal; it means that book has different type. Some people feel enjoy to spend their time for you to read a book. These are reading whatever they consider because their hobby is definitely reading a book. How about the person who don't like looking at a book? Sometime, particular person feel need book whenever they found difficult problem or perhaps exercise. Well, probably you will need this Practice Makes Perfect Chemistry (Practice Makes Perfect Series).

Georgetta Watson:

Throughout other case, little individuals like to read book Practice Makes Perfect Chemistry (Practice Makes Perfect Series). You can choose the best book if you love reading a book. As long as we know about how is important any book Practice Makes Perfect Chemistry (Practice Makes Perfect Series). You can add know-how and of course you can around the world by a book. Absolutely right, due to the fact from book you can realize everything! From your country right up until foreign or abroad you may be known. About simple factor until wonderful thing you can know that. In this era, we can open a book or even searching by internet unit. It is called e-book. You should use it when you feel fed up to go to the library. Let's examine.

Peggy Witzel:

What do you in relation to book? It is not important to you? Or just adding material when you really need something to explain what yours problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have

extra time? What did you do? Every person has many questions above. The doctor has to answer that question since just their can do this. It said that about reserve. Book is familiar on every person. Yes, it is appropriate. Because start from on guardería until university need this kind of Practice Makes Perfect Chemistry (Practice Makes Perfect Series) to read.

Anna Vinci:

Playing with family in a park, coming to see the ocean world or hanging out with friends is thing that usually you could have done when you have spare time, and then why you don't try thing that really opposite from that. A single activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Practice Makes Perfect Chemistry (Practice Makes Perfect Series), you may enjoy both. It is great combination right, you still need to miss it? What kind of hang type is it? Oh seriously its mind hangout fellas. What? Still don't get it, oh come on its identified as reading friends.
