Sing It to Her Bones (Hannah Ives Mystery Series, Book 1) By Marcia Talley

She lost her job. She almost lost her life. Now Hannah Ives is taking her first brave steps back into the world, wearing a wig and her heart on her sleeve after a frightening bout with breast cancer. But in the small Chesapeake Bay town where she came for a vacation, she does not find the relaxation she deserves. Instead Hannah finds a body -- of a girl who disappeared eight years before.

Editorial Review

From Booklist
Hannah Ives, recovering from a mastectomy and recently the victim of downsizing, accepts her sister-in-law's offer to spend some quiet time in Pearson's Corner, Maryland, away from the stress of D.C. Characters in mystery novels should know better. Soon Hannah has discovered a body, become involved in the murder investigation, and must deal with the fact that her husband has been accused of sexual harassment. Talley's debut is a gentle mystery with a likable narrator. Despite the straight-from-headlines nature of the plot, the novel relies not on sensationalism but on quiet character development for its charm. And, unlike many gentle mysteries, this one doesn't peter out long before the end. Readers expecting nail-biting tension may be a tad disappointed, but the majority of mystery fans will be well pleased. Buy this paperback original now; it won't be long before the Hannah Ives series makes the jump to hardcover. *David Pitt*

Users Review

From reader reviews:

Betty Terry:

Here thing why this particular Sing It to Her Bones (Hannah Ives Mystery Series, Book 1) are different and reputable to be yours. First of all studying a book is good however it depends in the content of it which is the content is as delightful as food or not.
