Teaching Children Physical Education: Becoming a Master Teacher By George Graham

This book is unique because it focuses solely on the teaching process - the skills and techniques that successful teachers use to make their classes more interesting and developmentally appropriate. Novice and experienced teachers will learn practical skills and techniques to help them - motivate children to practice, build positive feelings, minimize off-task behavior and discipline problems, create an atmosphere of learning, maximize learning, develop lesson content, use a problem-solving approach, observe and analyze, provide feedback, and assess children's (and their own) progress.
