Genocide in the Age of the Nation State: Volume 1: The Meaning of Genocide By Mark Levene

How should we understand genocide in the modern world? As an aberration from the norms of a dominant liberal international society? Or rather as a guide to the very dysfunctional nature of the international system itself? *Genocide in the Age of the Nation State* is the first work to consider the phenomenon within a broad context of world historical development. In this book, Mark Levene sets out the conceptual issues in the study of genocide, addressing the fundamental problems of defining genocide and understanding what we mean by perpetrators and victims, before placing the phenomenon in the context of world history. *Genocide in the Age of the Nation State* is the first of a major four-volume survey which examines its subject within an extensive global and historical framework and which will become the definitive work on the subject.

Editorial Review

Review

""very impressive""--Eric Hobsbawm

""...in tracing the phenomenon back beyond the twentieth century to the origins of the nation state, Levene’s study is likely to transform the way we think about genocide.""--*London Review of Books*

""A wide-ranging discourse on the innumerable difficulties in coming to terms with the many ambiguities of the term [genocide]. The book is marked by a high level of intelligence and wide-ranging knowledge.""--*Times Higher Educational Supplement*

About the Author

Mark Levene is Reader in Comparative History at the University of Southampton, and in the Parkes Centre for Jewish:non-Jewish relations. His works include *War, Jews and the New Europe* (1992), which was awarded the annual Fraenkel Prize in Contemporary History, and *The Massacre in History* (1999) with Penny Roberts. He is also a peace and environmental activist, and co-founder of the Forum for the Study of Crisis in the 21st century.

Users Review
