Guilty as Sin: Uncovering New Evidence of Corruption and How Hillary Clinton and the Democrats Derailed the FBI Investigation By Edward Klein

An exciting new book from #1 New York Times bestselling author Edward Klein!

When FBI Director James Comey announced in July that Hillary Clinton would not be indicted for mishandling classified information, America was stunned.

Had the scandal-happy Clintons escaped justice once again? Not so fast, says investigative reporter and bestselling author Ed Klein. There is far more behind Comey's shocking press conference than meets the eye -- and a minefield of email evidence between Hillary and the White House.

In his astonishing new book, Klein uncovers the real story behind Hillary's email scandals and the dirty political games that have kept her one step ahead of the law - for now. Klein reveals what the FBI's team of 150+ investigators really found on Clinton's server. How Comey originally threatened to resign over White House attempts to intervene in the investigation, and his secret plan to go around the Justice Department if needed. How an unprecedented Congressional investigation during an election year is uncovering new shocking evidence of corruption on a level some would call treason. And what Bill and Hillary still have left in their bag of tricks in their desperate quest to get back into the Oval Office.

Editorial Review

Review

Praise for *Unlikeable*
"A great new book has been written about Crooked Hillary. Read it and you will never be able to vote for her."
-Donald J. Trump

"Ed Klein is a one-man CIA. He is always accurate and ferrets out the truth. He explains what is going on behind the scenes with uncanny insight and even profundity."
-Dick Morris

"*Unlikeable* is the latest example of Ed Klein's lacerating style: old-fashioned, hard-hitting reporting about a driven modern-day Borgia clawing her way to power."
-Liz Trotta

Praise for *Blood Feud*
"Of all the headaches of her current book tour - the declining sales, the constant travel, the interviews that generated unkind headlines about her family's wealth - this one may sting Hillary Clinton the most: Her memoir, 'Hard Choices,' has just been toppled from its spot on the best-seller list by a sensational Clinton account by her longtime antagonist Edward Klein."
-*The New York Times*

Praise for *The Amateur*
"This is a racy, entertaining, informative book that illuminates aspects of Obama and his team that have not been previously reported. A necessary antidote to the Obama worship that is sure to characterize the election debate."
-Dinesh D'Souza

"Reads like a soap opera, this book, about these personalities in the White House with their petty jealousies."
-Rush Limbaugh

"Absolutely read this book."
-Glenn Beck
