The Cycles of American History By Arthur M. Schlesinger Jr.

Arthur M. Schlesinger, Jr., first revealed the sequences that governed American politics over the past two centuries in The Cycles of American History. In this updated edition, the prominent political historian continues to reflect on the "recurring struggle between pragmatism and idealism in the American soul" (Time). Faced with a new century, a new millennium, and social and technological revolutions, Schlesinger confronts the possibility of a revolution in American political cycles.

Editorial Review

From Library Journal
Schlesinger, a wide-ranging historian and political activist, considers topics such as the Cold War, political parties, the presidency, and many broader philosophical issues. Never one to soft-peddle his opinions, Schlesinger confronts scholars and politicians on the left and right who, he believes, bend history to their own ideological ends. Much of what appears in these essays has been published in various articles over the past generation during which the author was a leading proponent of a centrist approach to politics and foreign policy. To his credit, Schlesinger makes clear that his perspective has been altered somewhat by the passing years. Nonetheless, while he amends some of his more strident earlier opinions, he never apologizes for them. Even those who find his tub-thumping for Roosevelt and Kennedy a bit outdated will enjoy his sprightly style and incisive wit. Charles K. Piehl, Director of Grants and Sponsored Progs., Mankato State Univ., Minn.

Review

"First-rate history mixed with a strong sense of public service . . . an excellent and provocative primer on the challenges surrounding the contemporary American political setting." Christian Science Monitor

About the Author

ARTHUR M. SCHLESINGER, JR., the author of sixteen books, was a renowned historian and social critic. He twice won the Pulitzer Prize, in 1946 for The Age of Jackson and in 1966 for A Thousand Days. He was also the winner of the National Book Award for both A Thousand Days and Robert Kennedy and His Times (1979). In 1998 he was awarded the prestigious National Humanities Medal.

Users Review

From reader reviews:

Jason Urso:

This The Cycles of American History is great publication for you because the content which is full of information for you who always deal with world and also have to make decision every minute. That book reveal it details accurately using great arrange word or we can state no rambling sentences included. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but tricky core information with lovely delivering sentences. Having The Cycles of American History in your hand like keeping the world in your arm, facts in it is not ridiculous 1. We can say that no e-book that offer you world in ten or fifteen small right but this book already do that. So , this can be good reading book. Hi Mr. and Mrs. occupied do you still doubt in which?

Elaine Bell:

Reading a book for being new life style in this yr; every people loves to go through a book. When you learn a book you can get a large amount of benefit. When you read books, you can improve your knowledge, mainly

because book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your review, you can read education books, but if you want to entertain yourself you can read a fiction books, this kind of us novel, comics, as well as soon. The The Cycles of American History provide you with a new experience in studying a book.

Paul Tirrell:

Many people spending their time period by playing outside together with friends, fun activity using family or just watching TV the entire day. You can have new activity to spend your whole day by reading a book. Ugh, do you consider reading a book can definitely hard because you have to use the book everywhere? It fine you can have the e-book, getting everywhere you want in your Cell phone. Like The Cycles of American History which is finding the e-book version. So , why not try out this book? Let's observe.

Marni Elliott:

As a university student exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's spirit or real their pastime. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this The Cycles of American History can make you really feel more interested to read.
