Avian Medicine, 3e By Jaime Samour MVZ PhD Dip ECAMS

Combining the in-depth coverage of a text with the practicality of a clinical manual and the visual detail of an atlas, **Avian Medicine**, **3rd Edition** is the complete, all-in-one guide to every aspect of avian care. Written by some of the world's leading authorities in avian medicine, this highly illustrated reference covers a wide variety of avian species ? including psittacines, raptors, bustards, parrots, finches, and more. Comprehensive coverage includes issues ranging from the basic aspects of patient management to the most sophisticated diagnostic techniques. Plus, with more illustrations, a wealth of practical advice, and the latest information on cutting-edge treatments and procedures incorporated into this new edition, today’s general clinician will be fully equipped to effectively and confidently care for all birds.

- **Comprehensive coverage of all aspects of clinical management** written by leading experts in the field provides readers with a depth and breadth of knowledge on avian medicine and care.
- **Coverage of a wide variety of species** ? including raptors, bustards, and many others ? enables practitioners to treat a greater assortment of patients with more confidence and skill.
- **Bulleted text and tables** help present information in an accessible way.
- **More than 900 color images** give readers a better picture of disease and how it will be encountered in practice.
- **Appendices** bring together wide-ranging data on hematology and blood chemistry reference values, commonly used pharmaceutics and other information relevant to avian practitioners.

- **NEW! New chapter sections, revised references, and updated suggested readings** ensure that readers have the most up-to-date information.
- **NEW! New chapter contributors** ensure the information in the text reflects the most current techniques and advances.
- **NEW! Expanded content on parrots**, **finches and fruit-eating birds** has been added to the text to make content more relevant to the needs of today’s practitioners.
- **NEW!** Thoroughly updated content includes **the latest surgical techniques and procedures** to keep practitioners on top of the most cutting-edge information in the field.

- **NEW! Additional content and images on MRI** have been incorporated throughout the text to complete the coverage of other advanced imaging techniques such as CT scans.
