Dermatopathology: A Volume in the Series: Foundations in Diagnostic Pathology, 2e By Klaus J. Busam MD

Part of the **Foundations in Diagnostic Pathology Series**, ***Dermatopathology*** is a comprehensive resource that compiles all of today's **most essential dermatopathology information into a compact, high-yield format.** This medical reference book's well-organized approach and full-color illustrations result in a user-friendly reference that helps the reader access the **latest information on molecular diagnostic tests**, ancillary tools, and dermatologic disorders. It's perfect for **exam prep and clinical application!**

- **Explore a range of neoplastic and non-neoplastic** disorders of the skin.
- **Access well-rounded, comprehensive coverage and detailed discussions** of metabolic, systemic, allergic, infectious, and inflammatory skin diseases and cutaneous neoplasms.
- **Take advantage of enhanced diagnostic guidance** with content that offers over 1,100 full-color, high-quality photographs that demonstrate the key features of pathologic lesions.
- **Connect with a reader-centric format** that employs a consistent, user-friendly organization throughout to present each pathologic entity's gross and microscopic features, prognostic and therapeutic considerations, ancillary studies, and differential diagnoses.
- **Reference important information at a glance** with an abundance of boxes and tables.

- **Remain up to date with the latest diagnostically relevant molecular tests**, such as cytogenetic tests and mutation analysis of melanocyctic tumors.
- **Prepare for exams** with additional entities relevant to examination and clinical settings.
- **Stay abreast of the latest advances** with brand-new chapters covering Ancillary Diagnostic Tools (such as special stains, immunofluorescence studies, immunohistochemistry, and molecular tests), Disorders of the Nail Apparatus, Genetic Disorders, and Drug Reactions.
- **Easily comprehend complex topics** with help from additional figures and a vastly improved image collection.
- **Expert Consult eBook version included with purchase.** This **enhanced**

eBook experience allows you to search all of the text, figures, references, and videos from the book on a variety of devices.

The **Foundations in Diagnostic Pathology Series** answers the call for fresh, affordable, and easy-to-use guidance. Each region-specific volume provides all of the most essential information on the pathologic entities encountered in practice. Series Editor: John R. Goldblum, MD, FACP, FASCP, FACG

With 13 additional contributing experts.

Editorial Review

Review

"I liked the layout of this textbook and it provided an excellent synopsis of the diseases that were included. The book is also accessible online...It is a textbook that should be available in all training departments for both dermatologists and histopathologist." **Reviewed by** The Bulletin, October 2010

"Busam and a group of experienced diagnostic dermatopathologists hit that mark precisely with this text...Books offering an introduction to the field and those aiming to cover the "essentials" also abound. What sets this volume apart, however, is the emphasis on differential diagnosis, logical organization, and liberal use of summary tables. Very few books are as practical for a busy practicing pathologist or resident as this volume." **Reviewed by** Barbara M. Egbert, MD, Doody's Review Service

Users Review

From reader reviews:

James Kline:

Why don't make it to become your habit? Right now, try to prepare your time to do the important act, like looking for your favorite reserve and reading a book. Beside you can solve your condition; you can add your knowledge by the guide entitled Dermatopathology: A Volume in the Series: Foundations in Diagnostic Pathology, 2e. Try to make the book Dermatopathology: A Volume in the Series: Foundations in Diagnostic Pathology, 2e as your friend. It means that it can being your friend when you sense alone and beside that of course make you smarter than in the past. Yeah, it is very fortuned for yourself. The book makes you considerably more confidence because you can know almost everything by the book. So , let us make new experience and knowledge with this book.

Erica Rawlins:

Precisely why? Because this Dermatopathology: A Volume in the Series: Foundations in Diagnostic Pathology, 2e is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will distress you with the secret this inside. Reading this book alongside it was fantastic author who all write the book in such amazing way makes the content within easier to understand, entertaining method but still convey the meaning thoroughly. So , it is good for you for not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of rewards than the other book have got such as help improving your ability and your critical thinking approach. So , still want to postpone having that book? If I have been you I will go to the e-book store hurriedly.

Georgette Tang:

You may spend your free time you just read this book this publication. This Dermatopathology: A Volume in

the Series: Foundations in Diagnostic Pathology, 2e is simple to create you can read it in the park, in the beach, train along with soon. If you did not include much space to bring the actual printed book, you can buy typically the e-book. It is make you simpler to read it. You can save typically the book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.

Allison Larson:

What is your hobby? Have you heard that will question when you got pupils? We believe that that concern was given by teacher to the students. Many kinds of hobby, All people has different hobby. Therefore you know that little person similar to reading or as reading become their hobby. You need to know that reading is very important in addition to book as to be the thing. Book is important thing to provide you knowledge, except your own personal teacher or lecturer. You discover good news or update regarding something by book. Different categories of books that can you take to be your object. One of them is this Dermatopathology: A Volume in the Series: Foundations in Diagnostic Pathology, 2e.
