The 5 Love Languages/Things I Wish I'd Known Before We Got Married Set By Gary Chapman

This set includes *The Five Love Languages* and *Things I Wish I'd Known Before We Got Married*.

In *The Five Love Languages*, #1 *New York Times* bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language—quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together.

In *Things I Wish I'd Known Before We Got Married*, the author writes, "Most people spend far more time in preparation for their vocation than they do in preparation for marriage." No wonder the divorce rate hovers around fifty percent. Bestselling author and marriage counselor Gary Chapman hopes to change that with his newest book. Gary, with more than 35 years of experience counseling couples, believes that divorce is the lack of preparation for marriage and the failure to learn the skills of working together as intimate teammates. So he put together this practical little book, packed with wisdom and tips that will help many develop the loving, supportive and mutually beneficial marriage men and women long for. It's the type of information Gary himself wished he had before he got married. The material lends itself to heart-felt discussions by dating or engaged couples. To jump-start the exchanges, each short chapter includes insightful "Talking it Over" questions and suggestions. And, the book includes information on interactivewebsites as well as books that will enhance the couples experience. Dr. Chapman even includes a thought-provoking appendix. By understanding and balancing the five key aspects of life, dating couples can experience a healthy relationship. A revealing learning exercise is included at the end.
